Safeguarding

In Scouting we have a list of things we need to remember when we are working with Young People.

For Young Leaders this is called the Orange Card. Adults have a similar list called the Yellow Card.

The Yes and No Quiz

We’re going to make some statements – just decide if they are a thumbs up or down

Listening to Young People

It’s rare but occasionally a Young Person may tell you they are being abused or that they have concerns about their safety or well being.

We need to make sure you know what to do if this happens.

Listening to Young People

- Stay calm and listen carefully to what the young person says, allow them to speak and don’t interrupt them
- Accept what they say, don’t give your opinion
- Reassure the young person they are right to tell
- Let the young person know that they will treat what they have said seriously, but that they have to pass the information on to an adult leader
- Immediately tell an adult leader
- Immediately make a note of the facts as they know them, and give these to the same leader

Be a Role Model

Young People will look up to you as a YL

Set an example with your behaviour and language

Remember to demonstrate our values in everything you do as a Young Leader

Scenarios

We will issue you with a worksheet after the session that will include some scenarios that we want you to think about and answer some questions.

To complete this training you will need to return it to us.

Scouts

Safety

We all have a responsibility to keep ourselves and others safe.

We use risk assessments to help us manage hazards.

Thinking about this activity

- Are there hazards?
- What could go wrong?
- How can we make it safer?

Safety

Look for Hazards
Who may be harmed and how
How are Risks controlled

Risk Assessments

Covid-19 restarting face to face Scouting risk assessment

Name of Section or Activity		Date of risk assessment		Name of who conducted this risk assessment		COVID-19 readiness level in section	Click on number

Hazard identified / Risks from it?	Who is at risk?	How can the risks already controlled? What extra controls are needed?	What has changed that needs to be thought about and controlled?
Example – Socialising (close face contact with others) leads to spread of COVID-19 Risk – Death or ill health	Young people Leaders Visitors	Controls – Keep on looking at the Young Scots for Scouting or wider Scouting risk controls The activity is risk assessed The activity is monitored	Keep checking on changes to the Scouting risk assessment you need to follow. If you are unsure if this is a good place to start conversations with a leader will be able to help you.

Additional information can be found in the Safety Checklist for Leaders and other information on scouts.org.uk/safety

Write a Risk Assessment

To complete this training we will ask you to think about an activity you run in your section and create a draft Risk Assessment

Policy, Organisation & Rules

You may hear leaders talk about POR. It’s the document which defines the structure of Scouting in the United Kingdom and provides information about its management and training. It’s important we all follow the rules.
